

# McCullough's TREE SERVICE, INC.

Your Neighborhood Friend For Tree Care

## “TREE” mendous TIMES

Our Exceptional Service and Knowledgeable Staff is What Keeps us a “Cut” Above!

### EARLY WINTER IS THE PERFECT TIME TO GET YOUR TREES IN GREAT CONDITION.

#### Why do you want to call us in the winter?

- We are more readily available
- We work quickly
- You save money
- Same great service

If you didn't get your tree projects on our list this summer, call us, we can take care of it...  
**EVEN IN THE WINTER!**

Hurry, get your business or commercial property on our snow and ice removal list now! You don't want to wait until the snow and ice hits to call us. A parking lot covered in ice and snow becomes a hazzard for your company. Prevent accidents - promote safety. Be proactive and be prepared, get on our client list today!

#### WHAT?

### Why do I call McCullough's Tree Service in the winter?

Winter is the perfect time to have us come and access your tree care needs. Trees can be pruned in the winter by waiting until the coldest part of winter has passed, but before vigorous growth starts in early spring.

You can benefit from calling us at our less busy time of the year. We can address your needs more quickly and get the work done in good time, saving you time and money, and in the spring, you will have amazing trees!

Another branch of our business is snow and ice removal. Let us get you established now so when the snow is flying and piling up, we can be on the job for you. What a relief it is to know your snow will be gone and you won't need to lift a finger.

There are always immeasurable benefits in knowing a great business, getting established with that business and forming a long lasting relationship.

McCullough's Tree Service is more than just a business. We like to think of you as family. We're looking out for you!

# Services an Arborist can Provide

**PRUNING.** An arborist can determine the type of pruning necessary to maintain or improve the health, appearance, and safety of trees.

**Tree Removal.** Although tree removal is a last resort, there are circumstances when it is necessary. An arborist can help decide whether a tree should be removed.

**EMERGENCY TREE CARE.** An arborist can assist in performing emergency tree care in a safe manner, while reducing further risk of damage to property.

**PLANTING.** Some arborists plant trees, and most can recommend species that are appropriate for a particular location.

**PLANT HEALTH CARE.** Preventive maintenance helps keep trees in good health while reducing any insect, disease, or site problems.

## Shakin' the Family Tree

We value our team members and we're looking for a few good "tree men" to join our work family!

Our business is growing and expanding and finding great team members can sometimes be a really big challenge. Working in the tree business industry is hard work, its rewarding work too but one must be aware that it is a very active job... and being in good physical condition is a definite plus!

Knowing the tree business is a requirement when applying at McCullough's Tree Service. We need to know that you have the experience to get the job done.

We're going to ask you if you have a good driving record and a current driver's license. We are responsible for you when you are behind the wheel of one of our vehicles...so serious violations are not permitted when you work for McCullough's Tree Service.

We are always looking for great team members who possess these eight qualities: Reliable, Confident, Humble, Trustworthy, Respectful, Genuine, Hard Working and Honest! We even go as far to say that "posers" need not apply. At McCullough's Tree Service, we take great pride in the fact that our team members are the best!

So...if you're looking for a position where you can learn and grow, if you want to be part of an awesome team and you realize that being a great "tree guy" is not a job for sissies, If you think you're an A player, then you might fit in well at McCullough's! **Give us a call today 740.819.0158.**

## DID YOU KNOW?

### Lots of staples come from palm trees.

• Coconuts are an obvious product of palm trees, but did you know that dates, betel nuts and acai fruit all come from palm trees as well? Palm Oil, as its name indicates, also comes from the fruit of the oil palm tree.

• The tiniest tree in the world is Dwarf Willow, its size is about two inches. It is found in Greenland.

• The average strawberry has about 200 seeds, and it is the only fruit that bears its seeds on the outside.

• Rice paper isn't made from rice but from a small tree which grows in Taiwan.

• Evergreen trees like pines, cedars, spruces and firs, stay green all winter because their leaves are covered with a thick wax and their insides hold materials that help them not to freeze.

# Our Promise To You

- We will provide all clients with an Expert Certified Arborist to evaluate their needs and provide a written estimate.
- We offer a 100% guarantee on every project.
- We make it easy, on time and on schedule.

# Christmas TREE

*Facts & Fun*

## ROCKEFELLER CENTER CHRISTMAS TREE

The Rockefeller Center tree is located at Rockefeller Center, west of Fifth Avenue from 47<sup>th</sup> through 51<sup>st</sup> Streets in New York City.

The Rockefeller Center Christmas Tree dates back to the Depression Era days. The tallest tree displayed at Rockefeller Center came in 1948 and was a Norway Spruce that measured in at 100 feet tall and hailed from Killingworth, Connecticut

The first tree at Rockefeller Center was placed in 1931. It was a small unadorned tree placed by construction workers at the center of the construction site. Two years later, another tree was placed there, this time with lights. These days, the giant Rockefeller Center tree is laden with over 25,000 Christmas lights.

Christmas trees have been sold commercially in the United States since about 1850.

In 1979, the National Christmas Tree was not lighted except for the top ornament. This was done in honor of the American hostages in Iran.

The tallest living Christmas tree is believed to be the 122-foot, 91-year-old Douglas fir in the town of Woodinville, Washington.

The Rockefeller Center Christmas tree tradition began in 1933. Franklin Pierce the 14th president, brought the Christmas tree tradition to the White House.

In 1923, President Calvin Coolidge started the National Christmas Tree Lighting Ceremony now held every year on the White House lawn.

Christmas trees generally take 6-8 years to mature.

Christmas trees are grown in all 50 states including Hawaii and Alaska.

100,000 people are employed in the Christmas tree industry.

98 percent of all Christmas trees are grown on farms.

More than 1,000,000 acres of land have been planted with Christmas trees.

77 million Christmas trees are planted each year.

## We Depend on You!

Yes, we will say it...we need you.

Our team members rely on our clients to feed their families and keep the lights on. We have families and obligations and we need you!

Schedule your work, we'll come and do a solid job, pay your bill and we all win! We're glad our clients call us again and again to take care of their tree needs and snow and ice removal. When you're happy and satisfied, we're happy and satisfied too.

**WHEN YOU REFER US TO YOUR FRIENDS, FAMILY AND ACQUAINTANCES WE ARE GRATEFUL.**

**There's no better way to say how much you like our work than to refer us to someone you know!**

**So, just in case you didn't know, you play a very important part in who we are and how our business grows.**

*Thank you from all of us at McCullough's Tree Service!*

## Thoughts from the Tree House

At McCullough's Tree Service, 2015 has been a year of blessing and growth. We've increased in team member size, purchased new equipment and we've seen our client list grow expediently. What more could a business owner ask for. Well this business owner would ask that the remainder of 2015 and the new year of 2016 be a time of further growth and ability to serve many and make life easier for those who depend on us to get the job done. I want the future to be good to our clients and partners, asking that there be many blessings and unforgettable moments for all. **From my heart, we thank you for making us the successful business we are today.**

Plant a tree and plant yourself in a seat where you can watch it grow. Take the time to relax...we only get one walk through this life, make it a beautiful journey.

*Kless McCullough*
